### Included Item:

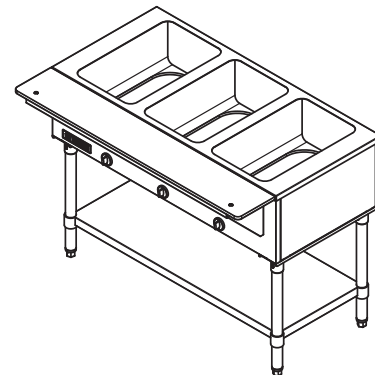

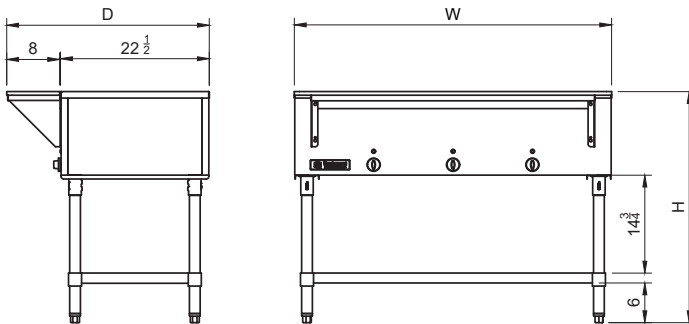

AA-144-8

### Description **Stainless Steel Electric Hot Food Table with Cut Board**

Keep your food at the ideal serving temperature with this hot food table with cutting board. Perfect for cafeterias, hotels, restaurants, and banquet halls, this low maintenance warmer is a must for serving large groups of people with minimal down time. Just simply fill the water reservoir and the built in heating elements will warm up the water for even heating of your dishes. Made of durable stainless steel, this warmer is not only long lasting and corrosion resistant, it also gives off a professional appearance.
